

SOCIETY OF ST PAUL

Easter 2024

Dear Brothers,

This wish for a happy Easter is a new look at our life: what dies, united with Christ, is the beginning of something new.

Yes, precisely this gaze full of faith in Jesus allows us to see that within the many limits that we also experience in our mission which, in reality, we are faced with new paths and unimagined opportunities to live as apostles who have met the Risen One. In fact, this time of ours “in deep metamorphosis” is understandable only starting from Jesus’ Easter.

May the Risen One fill our hearts and our communities with vitality and set us on the path as it was for Saint Paul and Blessed James Alberione.

In behalf of the General Government, Happy Easter to all.

Faternally,

Domenico Soliman
Father Domenico Soliman
Superior General
